Education

York University	Toronto, ON
Bachelor of Arts (Honours) in Computer Science.	June 2022

Work Experience

Canadian Stem and AI Academy (CSAA)	Markham, ON
Coding and Robotics Instructor.	August 2022 – April 2023

- Taught Python, and Java to children as well as high school students.
- Developed curricula for Roblox coding (individually), and Scratch coding (collaboratively).
- Provided complete and accurate classroom information in a professional, courteous, and pleasant manner.
- Demonstrated strong keyboarding and computer skills by creating PowerPoint presentations, tutorials, and drafting official letters.

Dragon Legend	Markham, ON
Busboy.	May – September 2018, 2017

- Maintained a clean and safe environment for customers, and team members.
- Delivered exceptional service to customers by answering inquiries in a tactful, and respectful manner.
- Performed multitasking duties by collecting heavy bins of dirty dishes, resupplying restaurant essentials, and maintaining the restroom clean.
- Applied effective communication skills to make the jobs of the waiters, and cooks more efficient.

Dragon Legend	Markham, ON
Sushi Maker Apprentice.	May – September 2016, 2015

- Assembled food products according to the guidance, and teaching provided by mentor.
- Anticipated customer's culinary needs through effective probing, and listening.
- Recommended, and made alternative food options to fulfill differing customer's needs.
- Welcomed feedback from my mentor in regards to performance.

Super Buffet	Scarborough, ON
Grill Cook.	May – September 2014

- Prepared food products adhering to handling and safety standards.
- Sanitized the grill and surrounding areas during, and at the end of the shift.
- Worked in a confined space with team members while standing for extended periods of time.
